SOFO is happy to announce that, in line with the success of the June SOFO Volunteer Day, we are now able to offer our volunteer schedule with a total of 32 people, including 18 children. We will be holding four programs, each with a capacity of 8 people, to ensure that all volunteers have their own space. This will be an opportunity for you to explore your natural world in a new and exciting way.

We remain very appreciative of your support, and we look forward to welcoming you back in a caring and responsible steward of our planet. Stay tuned for more updates about upcoming events and programs.
